EDITOR AND PUBLISHER.

THURSDAY, APRIL 18, 1901.

Agumaldo is buying diamonds. But he does not dye.

Resubmission will probably be the political battle cry in the next state campaign according to Overmyer.

Chinese affairs are slow of solution. The pig tail aristocracy is slow on diplomacy, but his slowness is his strong suit.

Reports from all parts of the United States indicate a large fruit crop. The lingering spring weather has been favorable to fruit.

Wheat condition in Kansas is remarkable. The general average is about 100 per cent. Wheat prospects were never better.

Secretary Hay has promised to take action on behalf of railroad men in prison in Mexico. It is about time our government was interfering in these matters.

Cubans will soon begin to realize that they cannot get along without the United States. The United States will be a good country for the Cubans to "tie to."

Fences must be removed from public lands in Western Kansas. The era of homestead is again here. Circumstances alter with demands. Again the boom is casting its shadow.

Secretary Hay can make himself absolutely solid with the railroad vote if he will take hold briskly and convince Mexico that her treatment of American railroad men must stop with a short, sudden jerk.—Wichita Eagle.

Prunes have taken a great drop in the local market. The prune association says it wants to strip the fruit of "its boarding house odium" and make it more in demand. Why not put a rhinestone in each prune?—Globe Democrat.

The British government has placed a ban upon American beef by excluding it from army contracts. The British government would better have a care. We can retaliate by withholding the American mule. Inter Ocean.

An old maid dying in New York City, wills \$10,000 to her dog, a little black and tan that lay at her feet when she was dying. As Miss Ellen Anne Griffen left a fortune of \$150,000, her dog, Dandy Jim could share a portion with the other heirs. Will the dog be recognized in the courts?

By an inadvertence all voters in the state, whether in city or town ship, are required to register before they can vote. This general registration of voters was intended at first, but the bill was subsequently amended so as to apply only to Montgomery and Sumner counties. The amendment, however applied only to the first section of the bill but the rest of the law provides for general registration.

Job Couldn't Have Stood It
If he'd had Itching Piles. They're terribly annoying. But Bucklen's Arnica salve will cure the worst case of Piles on earth. It has cured thousands. For Injuries, Pains and Body Eruptions it's the best salve in the world. Price 25c a box. Cure guaranteed. Sold by druggist. Amos & Gwinner.

Congressman Long has given a warm reply to Adjutant General Corbin on the Funston appointment. The feather bed soldiers cannot indulge in the praise given the field soldier. It was always so. Let the musty regulars get out of their dingy offices and pursue the insurgent in his jungle.

A Testimonial from Old England.
"I consider Chamberlain's Cough Remedy best in the world for bronchitis," says Mr. William Savory, of Warrington, England. "It has saved my wife's life, she having been a myrter to bronchitis for over six years, being most of the time confined to her bed. She is now quite well." Sold by Amos & Gwinner.

A short grass philosopher says a baby is like a crop of wheat, it is first cradled, then thrashed and finally becomes the flower of the family.

A Raging, Roaring Flood
Washed down a telegraph line which Chas. E. Ellis, of Lisbon, La., had to repair. "Standing waist deep in icy water," he writes, "gave me a terrible cold and cough. It grew worse daily. Finally the best doctors in Oakland, Neb., Sioux City and Omaha said I had Consumption and could not live. Then I began using Dr. King's New Discovery and was wholly cured by six bottles." Positively guaranteed for Coughs, Colds and all Throat and Lung troubles by Amos & Gwinner. Price 50c and \$1.00. Trial bottles free.

It was "horse and horse" when two traveling men had to sleep in a livery stable in Cimarron one night last week on account of the crowded condition of the hotels.

Caught a Dreadful Cold.
Marion Kooke, manager for T. M. Thompson, a large importer of fine millinery at 1635 Milwaukee Avenue, Chicago, says: "During the late severe weather I caught a dreadful cold which kept me awake at night and made me unfit to attend my work during the day. One of my milliners was taking Chamberlain's Cough Remedy for a severe cold at that time, which seemed to relieve her so quickly that I bought some for myself. It acted like magic and I began to improve at once. I am now entirely well and feel very pleased to acknowledge its merits." For sale by Amos & Gwinner.

Our foreman was explaining to a young lady last week the difference between printing and publishing. He having concluded, she shyly said: "Now you may print a kiss on my cheek, but you must not publish it." With that he locked the fair form in his arms, so it would not pi, and went to press.—Rock Ford Republican.

The Best Remedy for Rheumatism.
QUICK RELIEF FROM PAIN.
All who use Chamberlain's Pain Balm for rheumatism are delighted with the quick relief from pain which it affords. When speaking of this Mr. D. N. Sinks, of Troy, Ohio, says: "Some time ago I had a severe attack of rheumatism in my arm and shoulder. I tried numerous remedies but got no relief until I was recommended by Messrs. Geo. F. Parsons & Co., druggists of this place, to try Chamberlain's Pain Balm. They recommended it so highly that I bought a bottle. I was soon relieved of all pain. I have since recommended this balm to many of my friends, who agree with me that it is the best remedy for muscular rheumatism in the market." For sale by Amos & Gwinner.

And now comes Assistant Attorney General J. S. West, who gives an opinion sustaining the validity of the biennial election law. His argument is good, and he cites a long list of authorities sustaining the constitutionality of the act. It is wonderful how these lawyers can make black look white, and white assume an inky hue. Garver says it is bad, while West proves it all right, and there you have it. However, the Supreme judges will have the last guess at it, and while they are no smarter than the other fellows their say so will settle the matter.—Ness City News.

Black Locust Trees for Sale.
Dr. C. A. Milton has 100,000 black locust trees, one year old, for sale, at his farm east of the city, at \$3 a thousand. These trees are large and thrifty and were grown in good soil. Orders may be left with Dr. Milton at his office in Dodge City.

The Best Prescription for Malaria
Chills and Fever is a bottle of GROVE'S TASTELESS CHILL TONIC. It is simply iron and quinine in a tasteless form. No cure—no pay. Price 50c.

THE MAIL AND BREEZE.

Official State Paper of Kansas.

The best weekly newspaper in the west. Contains all the news of Kansas, an ably edited farm department, a woman's page, attractive cartoons and Kansas illustrations, and Tom McNeal's famous fables and breezy comment on current events. It is the favorite paper of the Kansas farmers, and no farmer in this county should be without it.

We club with The Mail and Breeze and will give you that paper one year and the GLOBE-REPUBLICAN one year for \$1.50.

Twenty-dollars gold pieces to the value of \$3,000 are to be used in floor tiling of a gorgeous saloon now being fitted up at South Bend, Indiana. The tiles are especially made to contain \$20 gold pieces; the depression for their reception allowing the coin to sink one thirty-second of an inch below the surface, thus avoiding friction. A splendid object lesson, showing the folly of the man who drinks. He furnishes the twenty dollar gold pieces with which the floor is tiled, while possibly his wife and children are at home suffering for the actual necessities of life.

Osgood, Mo., Oct. 28, 1899.
Pepsin Syrup Co., Monticello, Ill.
Gentlemen:—I have used Syrup Pepsin for some time and find it gives most excellent results and it is one of the greatest selling preparations I have ever carried in stock.
I do not hesitate to recommend it.
Very Respectfully,
DR. T. JONES.
Sold by Amos & Gwinner.

Mrs. H. H. Woodbury died at her home, Wednesday morning, after a lingering illness. Funeral conducted by Rev. Johnson, at the M. E. church Friday at 2:30.—Spearville News.

You Know What You Are Taking
When you take Grove's Tasteless Chill Tonic because the formula is plainly printed on every bottle showing that it is simply Iron and Quinine in a tasteless form. No Cure. No Pay. 50c.

Henry McGrath's horse ran away with him Wednesday night while going home from town, and threw him on a wire fence, cutting him quite seriously. He is at Mr. John Steele's under the care of Dr. Bartley.—Spearville News.

"We Don't Want Money Bad."
We want it good and we will give you value received, as is every bottle of Dr. Caldwell's Syrup Pepsin, no matter be it 10c, 50c or \$1.00, as we guarantee it for Constipation, Indigestion, Sick Headache and Stomach Trouble. Amos & Gwinner.

Charley Kinkade delivered fifty head of steers out of the Burnett and Chandler bunch to J. B. Gano Tuesday. He also sold some cows and yearlings to a Dodge City man. He will drive the remainder of the herd and his own cattle to Dodge City next week.—Medicine Lodge Cresset.

'Tis Easy to Feel Good.
Countless thousands have found a blessing to the body in Dr. King's New Life Pills, which positively cure Constipation, Sick Headache, Dizziness, Jaundice, Malaria, Fever and Ague and all Liver and Stomach troubles. Purely vegetable; never gripe or weaken. Only 25c at Amos & Gwinner's drug store.

A letter was received yesterday morning from the eastern part of the state inquiring for a car load of Kafir corn seed. The order could not be filled because all the seed will find a home use. Roy Martin has received a carload of Kafir corn from Salina, to supply the home demand.

Don't Be Funny.
It does not pay. If you have a good thing, tell it right out. Don't use false means to attract attention. We say "right out" and mean it, too, that Dr. Caldwell's Syrup Pepsin will cure every case of Stomach Trouble. It will stop any pain caused by indigestion; it knocks Sick Headache by attacking the cause of the complaint and aids you to digest your food, no matter what you eat. Amos & Gwinner.

A special to the Tribune from Ardmore, I. T., says a number of persons are camped along the borders of the Kiowa and Comanche reservation awaiting official permission to enter. It is conservatively estimated that not one person in ten will be able to secure free lands. The suggestion of the interior department to adopt the lottery plan is generally favored by the boomers. Much complaint is being made to government officials to the effect that schemers are selling alleged homestead lots. Notice of the fraud is being called to the attention of the prospective settlers.

Holds Up A Congressman.
"At the end of the last campaign," writes Champ Clark, Missouri's brilliant Congressman, "from overwork, nervous tension, loss of sleep and constant speaking I had about utterly collapsed. It seemed that all the organs in my body were out of order, but three bottles of Electric Bitters made me all right. It's the best all-round medicine ever sold over a druggist's counter." Overworked, run down men and weak, sickly women gain splendid health and vitality from Electric Bitters. Try them. Only 50c. Guaranteed by Amos & Gwinner, druggists.

Those who wish reserved seats for the Cradle song and Brownie entertainment, would do well to secure them, as the tickets are meeting with a rapid sale.

The children of all nations who are gathered to give the Cradle songs, present a most unique and attractive assemblage; and their lullabys are very sweetly sung.

MARRIED—At the residence of the bride's parents, near Bucklin, April 17th, 1901, Mr. Walter D. Cook and Miss Irma Buttolph, all of Bucklin. Ceremony by J. W. Gosslee, J. P.

C. A. Rice, farmer, Hamilton county, was on a jury, took cold in the cold jury room; sued sheriff for \$1,000 damages. Case tried and jury against farmer who promptly appeals to supreme court, where case now is.

A young man, according to the Fairview Enterprise, went into a meat market the other day and ordered of John Carter a yard of pork, expecting the joke to be on the butcher. Before he could laugh John said, "Jo, wrap up three pig's feet for the gentleman."

Some days ago an Ellis county farmer and a merchant of Ellis squared accounts which had been running for about a year, and it developed that the eggs the farmer had brought to town within the period just about paid for the groceries his family had consumed.

Reports from the quarantined district state that Harry Brice and family are getting along splendidly. Four of the children have the small pox but are coming through all right. Harry escaped with a slight touch of the disease and is well again. Mrs. Brice has also recovered and is able to be around as usual.—Cimarron Sentinel.

The Kansas man who was visiting in New England, a few miles out of Boston, came upon a sign post, a hand pointing an index finger across a meadow. He took out his compass and found it pointed west, but as it did not point to anything in particular he stopped a farmer and asked about it. "That," said the Yankee, "I put up myself. Notice it is pointing west? Well, I got so gold-darned tired of pointing the finger of scorn at Kansas that I put that thing up there to do it for me."

Scours in Colts and Calves.
For a young calf or colt from a day to a month old give one teaspoonful of Chamberlain's Colic, Cholera and Diarrhoea Remedy in half a gill of water as a drench after each operation of the bowels more than natural; usually one dose is sufficient. For older animals it may be given in the feed. Thousands of valuable animals are saved by it each year. This remedy is just what you should take for yourself when troubled with diarrhoea. For sale by Amos & Gwinner.

There seems yet to be some hope for the cattlemen of this country, as may be seen from the account that follows, which has been brought down to us by an authority that is good. It is to the effect, that during a religious revival at a school house in the northeastern part of the county recently, a certain cowman, whose name we will not mention, for the reason that he has uniformly borne a good reputation, profest religion, and expressed a desire to right himself with his fellow man. He thereupon went to more than one party and asked to be allowed to pay said party for cattle that had as the latter thought, strayed away. Of course the party in astonishment would demand to know "why?" His surprise may be imagined, when told that the cattle were stolen by the party now asking the privilege of paying for them.—Clark County Clipper.
